

Girl with a dog on a piece of string

Well Saturday night, imagine the scene
Waitin' in line for that money machine
"Big Issue, Big Issue, buy my magazine"
Said the girl with a dog on a piece of string
Yeah the girl with a dog on a piece of string.

I tried not to notice, you know what I mean
I needed my money for spendin' on me
"Hey Mister, hey Mister, buy my magazine"
Said the girl with a dog on a piece of string
Yeah the girl with a dog on a piece of string

*Now the girl with a dog on a piece of string
Tattoos and piercings and dirty blue jeans...
With the prettiest face that I'd ever seen
Yeah the girl with a dog on a piece of string
Yeah the girl with a dog on a piece of string*

Now should I be nice, or should I be mean...?

She smiled, I paid her my conscience was cleaned

Big Issue, Big Issue that I'll never read
From the girl with a dog on a piece of string
Yeah the girl with a dog on a piece of string

*Now the girl with a dog on a piece of string
Tattoos and piercings and dirty blue jeans...
With the prettiest dog that I'd ever seen
Yeah the girl with a dog on a piece of string
Yeah the girl with a dog on a piece of string*

Now I bought a smile every day for a week
But now there's an old man where she used to be
I miss you, I miss you, the girl of my dreams
Yeah the girl with a dog on a piece of string
Yeah the girl with a dog on a piece of string

With the prettiest face that I've ever seen...
Yeah the one with a dog on a piece of string
Yeah the girl with a dog on a piece of string
