

Let's go Climbing

Let's go climbing
Up a mountain
Don't be frightened
I'll be behind yer

Where we're going
Up that mountain
Could be snowin'
Could be lightnin'

Now it's the only way
To feel alive
Looking danger right
Between the eyes
If you don't look down
You'll be alright
I'll keep you safe and sound,
Just hold on tight.

Let's go flyin'
Off that mountain
Don't be frightened
I'll be behind yer

When we're flyin'
Off that mountain
Could be snowin'
Could be lightnin'

Now it's the only way
To feel alive
Looking danger right
Between the eyes
If you don't look down
You'll be alright
I'll keep you safe and sound,
Just hold on tight.

Let's go climbin'
